WALTHAM, MASSACHUSETTS

A Progressive City

WALTHAM'S population is 50,115, with a potential shopping population of 500,000 as it is the trading and working hub of a wheel that has 29 suburban shopping community spokes in its circumference of Commerce. (Estimated 1958 population, 51,000).

WALTHAM is 9 miles west from the port of Boston, situated on the Charles River, and served by the Boston and Maine Railroad, Massachusetts Central Division, Watertown Branch line and eleven lines of Middlesex and Boston St. Ry Co. busses.

The city has excellent business and manufacturing facilities.

THINK OF WALTHAM AS THE CITY

Where the first single Board of Government in Massachusetts was adopted.

Where kerosene oil was first refined and made available for household usage.

Where chalk crayons were invented and first made.

Where all the operations of cotton cloth were first performed under one roof.

Where watches were first successfully manufactured in the United States.

THE CHAMBER OF COMMERCE

Through the public spirit and splendid co-operation of its citizens, Waltham maintains an active Chamber of Commerce, the slogan of which is:— *Service To and For the Community*

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 850 city, county, state and national Directories, present to subscribers and the general public, this, the 1958 edition of the Waltham City Directory.

Confidence in the growth of Waltham's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Waltham to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Waltham Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE MISCELLANEOUS DEPARTMENT is the first major department printed on white paper, presents lists of city, county, state and federal officials; post office and public schools directories; statistical review, and manufacturing, trade and civic surveys.

II. THE YELLOW PAGES constitute the second major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Waltham, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the third major department included on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Waltham, and the name, official personnel, nature and address of each firm and corporation in the city.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the fourth major department printed on green paper. In this section the numbered streets are arranged in numerical order followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in

numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

Municipal Publicity

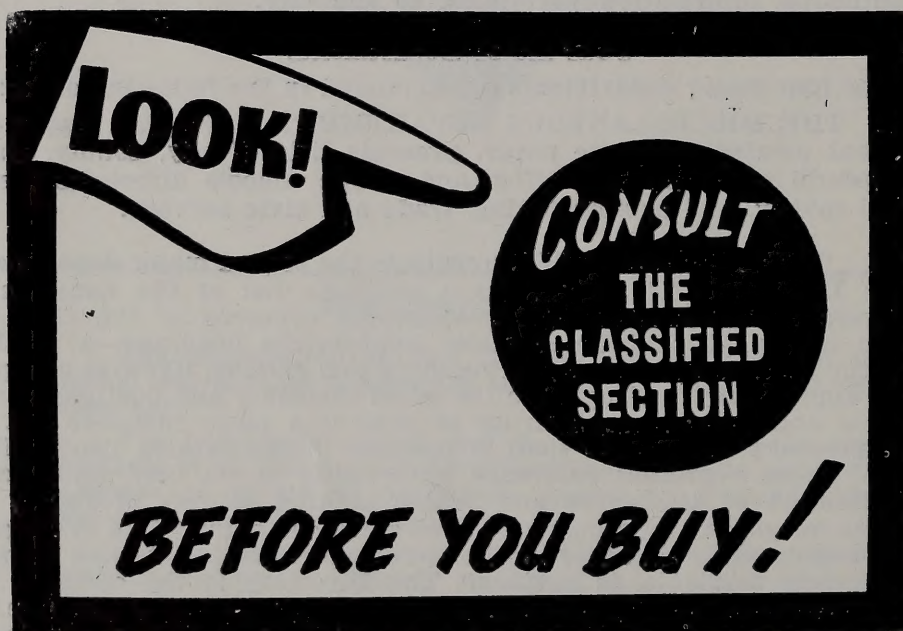

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Waltham.

The Waltham Directory Library

Through the courtesy of the publishers of the Waltham City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of more than 750 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

TEMPERATURE INFORMATION

Mean Temperature, 46.5 degrees.

Highest Recorded, 102 degrees.

Lowest Recorded, 27 degrees.

LOCATION

Situated on the beautiful Charles River, nine miles west of Boston, the rich and fertile plain on which stands the present city of Waltham was called "Eden Vale" by the earliest settlers. Altitude 67 feet, total area 13.56 square miles.

INCORPORATED

In 1738 this area, which then comprised the Western Precinct of the town of Watertown was incorporated as a separate town and named Waltham, but it was not until the establishment of a paper mill in 1788 that it became anything more than an agricultural community.

GORE PLACE

One of the early Governors of Massachusetts, Christopher Gore (1805) built a magnificent house with bricks brought from England, and surrounded it with imported shrubs and trees. This house and the extensive grounds were used for several years as the property of the Waltham Country Club. The property, especially the house and immediate grounds, is being restored to its former grandeur and historic attractiveness by the present owners, the Gore Place Society.

LYMAN HOUSE (THE VALE)

This magnificent and unsurpassed country residence has been presented to the Society for the Preservation of New England Antiquities through the generosity of five children of the late Arthur and Susan C Lyman, descendants of the original Theodore Lyman. It is located on Lyman Street at its junction with Beaver Street. Erected in 1793 by Theodore Lyman, a Boston merchant, "The Vale" was designed by the noted American architect Samuel McIntire. Several features of the spacious building reveal Bulfinch's influence on the great Salem architect of that early day, McIntire. The house is a central motif of an estate of 36 acres with spacious lawns, old and modern greenhouses and many attractive shrubs, flowering vines, plants and trees, some of the latter being 200 year old specimens. The place is open for inspection from early June until the middle of September with a nominal charge of admission to help maintain the interesting estate.

BOYS' CLUB OF WALTHAM

One of the nation's finest youth centers occupies 38,000 square feet of land on Exchange Street, a short distance from Central Square. Valued at an estimated million dollars, the Waltham Boys' Club was erected for \$680,000 on a "self-help" plan designed to make two dollars do the work of three. Citizens raised \$190,000 in a capital fund drive and by self-help qualified for matching dollar assistance from the Charles Hayden Foundation to complete the facility, which also serves as a community center. The building, dedicated on November 24, 1952, is designed for a membership of 2,000 boys. It contains the William H. Nichols Gymnasium, the Thomas Worcester Auditorium, a flush-deck swimming pool with spectator facilities for 300, games and crafts rooms, a dining room with full kitchen for civic meetings and a conference room. Special activities are made available to girls, as well as to adult groups, without encroaching upon the boys' schedule. The Boys' Club is a Red Feather agency and supported in part from funds raised by the United Community Services of Greater Boston.

WALTHAM HOUSING AUTHORITY

The Waltham Housing Authority, established in 1948, constructs, manages and maintains housing for families of low income, and elderly persons 65 years of age and older. The rentals are based on income

IX

and family size, with veterans preference for family size units. At the present time there are 302 units including Chesterbrook Gardens, 100 apartments; Prospect Terrace, 146 apartments; Dana Court, 32 apartments; Carey Court, for the elderly, 24 apartments. Another development now under construction and scheduled to be completed sometime during 1958 is Lowell Park which will consist of 60 apartments. There will be several unique features of great benefit to the elderly persons who will occupy it. The Waltham Housing Authority chairman is Ball Bartlett. Charles A Lawless is the Executive Director, and his office is located at 5 Brookway Road, Waltham.

1843 — THE RAILROAD

The Fitchburg Division of the Boston & Maine Railroad Company was opened for operation as far as Waltham, November 10, 1843 and to travel, December 20, 1843.

BECOMES A CITY

Waltham had outgrown town government, and was incorporated a city on June 2, 1884. The last six decades have seen a rapid increase in the number of homes within its borders, not at all surprising in view of the advantages which Waltham offers both to those who commute to Boston and to those who work near their homes. There are excellent bus lines which connect with the Metropolitan Transit Authority system at several points.

POPULATION

Waltham's population in 1765 was 663; in 1865—6,896; in 1930—39,247; in 1940, 40,020; in 1945, 43,579; in 1950, 47,187; in 1956, 50,115; with a potential population of approximately 520,000 residing in 29 communities that comprise the Waltham Shopping District. It is essentially an industrial city with a very definite shopping center serving many communities which latter form a complete circle about Waltham. Waltham is making a substantial growth as a residential city.

TRANSPORTATION FACILITIES

Waltham is situated in the fourth largest metropolitan district, which in itself insures an excellent local market for all kinds of products. It is connected with Boston by two railroad lines, the Massachusetts Central and the Fitchburg Division of the Boston & Maine Railroad, the latter offering excellent rail shipments to the Central, West, Far West and Northern and Canadian points. Motor truck lines add to the ease of quick shipping facilities. Together with the Watertown Branch, these three roads provide ample shipping facilities, with spur tracks available when needed. It is only a short haul by truck to tap the main line of the Boston & Albany Railroad at Newtonville providing quick rail transportation to points South and West. Inter-city bus service is provided by the Middlesex & Boston Street Railway Co.

1788 — THE FIRST MILL

Paper manufacturing was the chief business of the town in the early days. Here, in 1788, John Boies, taking advantage of the waterpower privileges on the Charles, built a paper mill. This was soon followed by similar mills at the western and eastern boundaries of the town. In 1812 the Waltham Cotton and Wool Factory Company started operations at the site of the large mills of the Waltham Bleachery and Dye Works, Inc. on River Street. In 1813 came the Boston Manufacturing Company, famed the world over as the first complete cotton mill to include both spinning and weaving by power under one roof. The Waltham Bleachery and Dye Works, Inc., was established in 1820 as the first bleachery and dye works in the world. Buildings are now occupied by Raytheon Manufacturing Company.

"WALTHAM, THE PRECISION CITY"

"Waltham, The Precision City" was for many year called the "Watch City" because the making of fine watches was originally its principal industry. The Waltham Watch Company, one of the largest manufacturers of watches in the world, made fine watches by machinery as early as 1854. It has now discontinued operations in Waltham and maintains headquarters offices in New York City. A portion of the building is now used by the Waltham Precision Instrument Company, and several other concerns occupy the remainder of the space.

DIVERSITY OF INDUSTRIES

There are 200 industries, service and warehousing firms. Of the 200, there are 186 industries engaged in the manufacture of watches, clocks, knit goods, precision machinery, furniture, enamelware, jewel bearings, plumbing supplies, paper tubes, dairy and poultry food, pest

exterminators, mica products, electrical switches, batteries, salesbooks, loose leaf account systems, grinding wheels, rivets, builders' finish, gauges, rayon metering pumps, and radar and electronics, along with hundreds of other products.

AGRICULTURE

Although Waltham has long been known throughout the world as the home of high grade industries engaged in the manufacture of quality products, it has always maintained its position as an important agricultural center. Here are located the headquarters of the Middlesex County Farm Bureau. In the beautiful section of the city known as Cedar Hill is located the Waltham Field Station, a branch of the University of Massachusetts. Experiments are in progress in vegetable gardening, fruit growing and ornamental horticulture. Civic pride is strong among the residents of Waltham, and at the Field Station our citizens receive help and free information regarding the maintenance of their lawns and shrubbery and the general upkeep of the home grounds.

METERS-POST OFFICE RECEIPTS

Statistics of interest show 17,297 electric meters; 28,017 telephone stations, 10,853 water meters; 11,301 gas meters; postal receipts of \$951,680.00 for the year 1957.

2300 STORE EMPLOYEES—487 STORES

Waltham stores are well stocked and well managed and carry a complete range of merchandise at prices as favorable as any in the large centers. Approximately 2,300 persons are employed in Waltham's approximate 487 retail outlets, on a full-time basis. An extra 1,009 are employed on a part-time basis.

BANKING FACILITIES

The Newton-Waltham Bank & Trust Co, a fine and progressive commercial bank, has resources of \$84,881,488.91, as of December 31, 1957. Waltham has a Savings Bank over 100 years old with deposits of \$39,221,369.91, as of May 28, 1958. The Waltham Federal Savings & Loan Association was organized in 1880, Federalized March 1, 1937, and the present resources as of May 28, 1958, are \$38,135,026.06. The Waltham Citizens National Bank was opened on September 5, 1946 and on May 28, 1958 listed resources of \$6,726,455.92. The Guaranty Trust Co., opened January 21, 1952 and on December 31, 1957 listed resources of \$5,438,049.70. The Middlesex Family Co-operative Bank started operations on January 25, 1954, and listed assets of \$1,633,000.00 as of June 2, 1958.

24 CHURCHES

There are twenty-four church congregations, also numerous philanthropic societies, including the Waltham Community Fund, Inc., embracing 8 relief, social service, philanthropic and character-building agencies.

FRATERNAL SOCIETIES

Nearly every leading fraternal society has at least one branch in the city, while some have more than one. The stranger in the city will find here to welcome him those affiliated with his own organization.

THEATRES

Two theatres present moving picture entertainment in Waltham. The Embassy Theatre has a seating capacity of 2,093.

5,257 HOSPITAL BEDS

There are 4 hospitals, the Waltham Hospital, 201 beds and 34 bassinets; the Middlesex County Sanatorium, 350 beds; the Metropolitan State Hospital for the care of mental cases, present capacity 2,101 beds; and the Walter E Fernald State School for the Feeble Minded, the oldest of its kind in this country, present capacity 2,429 beds.

PUBLIC SERVICES

Waltham's water supply is from the Metropolitan District Commission. Practically all of the residential and business districts are connected with the sewer of which there are now 97.8 miles. Disposition of the sewage is made through the South Metropolitan system. The tax rate in Waltham is \$54.60 (1958).

VALUATION

The valuation of the city as of January 1, 1958, was \$97,781,150.00. In 1957 there were 22,218 cars registered. There are 9,046 residences and 13,992 families.

I. B. E. W. HEADQUARTERS BUILDING

The former Hamblin L. Hovey Memorial Institute, a brick structure of attractive design, is located at 545 Main Street. The building is now owned by the International Brotherhood of Electrical Workers and houses the offices of Local 1505 which services the employees of the Raytheon Manufacturing Company. In addition to these offices, the main auditorium seats 1,112. A small lecture hall, served by a kitchen, accommodates approximately 75 people.

AN UNIQUE INSTITUTION

The Jonas Willis Parmenter Rest Home, provides room and board and medical attendance if needed without charge for stated periods of convalescence to women residents of Waltham upon recommendation of a physician.

This building is a model of its type, very well furnished and ably managed. An unique institution doing a splendid work.

WALTHAM PUBLIC LIBRARY

The Library building, the gift of Francis Buttrick, is a structure of beauty located close by the attractive Waltham Post Office building on Main Street. In addition to other lecture rooms, it houses the Sears Memorial Gallery which offers a meeting place for concerts by talented artists.

U. S. ARMY, CORPS OF ENGINEERS, NEW ENGLAND DIVISION

The former Murphy Army Hospital on a 93 acre plot of highly elevated land is now occupied by the Corp of Engineers, U. S. Army, New England Division. Those stationed there are engaged in civil and military construction. Brigadier General Alden K. Sibley is the Division Engineer.

EDUCATIONAL ADVANTAGES

Waltham is the center of an area of educational institutions many of which are world-known. Within an area of less than 20 miles are the following prominent educational institutions:

Academy of the Assumption, Academy of Notre Dame, Andover Newton Theological School, Babson Institute, Boston College, Boston University, Cambridge School, Inc., Dana Hall, Emmanuel College, Forsyth School for Dental Hygienists, Harvard University, Jackson College, Lasell Junior College, Leslie School, Massachusetts Institute of Technology, Massachusetts School of Art, Milton Academy, New England Conservatory of Music, Newton Junior College, Northeastern University, Perkins Institute & Mass. School for the Blind, Portia Law School, Radcliffe College, Regis College, Sargent School, Simmons College, Suffolk Law School, Tufts College, Wellesley College, Weston College, Wheelock School.

PUBLIC SCHOOLS

Waltham's 7,979 pupils are housed in 19 brick buildings, 370 teachers. The high school and 3 junior high schools have excellent gymnasiums. The 3 junior high schools and 10 elementary buildings have adequate assembly halls which are extensively used by the public. Kindergarten, opportunity classes, 6 trades, vocal and instrumental music, art, college preparation, business and clerical training are among the educational opportunities.

PAROCHIAL SCHOOLS

In addition to its public schools, Waltham has five parochial schools, 2 of which provide High School courses. St. Joseph's Grammar School has an enrollment of 853 and St. Mary's High School has an enrollment of 225 boys and 219 girls. St. Charles Grammar and High School an enrollment of 549 and St. Peter's an enrollment of 433.

BRANDEIS UNIVERSITY

Brandeis University, one of the nation's youngest institutions of higher learning, was launched in the fall of 1948 with impressive inaugural ceremonies held in the presence of the presidents and official representatives of more than 200 American and foreign colleges and universities. The University campus includes 250 acres beautifully located on hills overlooking the Charles River and sections of Boston, Cambridge, Watertown, Newton and Waltham. Brandeis is named after the late Justice Louis Dembitz Brandeis of the United States Supreme Court. The chairman of the Board of Trustees is Mr. Abraham Feinberg, prominent New York industrialist. Dr. Abram L. Sachar, nationally known author and historian, serves as the first President of the University.

XII

Brandeis admitted its pioneer freshman class of 100 students in the fall of 1948. Each succeeding class has been increased in size and in the academic year 1957-58 the four classes enrolled totaled 1,070. The first undergraduate class graduated in 1952.

The University has announced a master plan for the development of its facilities which provide for the construction of 50 new buildings during a ten year period at a total cost estimated at \$22,715,000. Construction on the first buildings has already been accomplished.

Brandeis University places great emphasis upon high academic standards and limits its enrollment so as to retain the advantages inherent in a small student body. It became an accredited college in December, 1953. Dr. Sachar summarizes the University's objectives as follows: "Our intention is to maintain a small institution in which the student-faculty ratio shall be kept at a level where the capacities of each boy and girl may be fully developed." Brandeis participates in inter-collegiate athletic competition; and presents a bi-annual Creative Art Festival during which the university is host to many outstanding personalities from the worlds of music, drama, literature and art, offering them an opportunity to present their latest works.

The graduate school in Arts and Sciences, opened in September, 1953, leads to the master's degree and doctor's degree in the areas of Biology, Chemistry, English and American Literature, History of Ideas, American Civilization, Music, Near Eastern and Judaic studies, Physics and Psychology, Sociology, Anthropology.

CHAPEL HILL SCHOOL FOR GIRLS

The Chapel Hill School, formerly The Waltham School for Girls, located on Lexington Street, one mile north of City Hall, was founded in 1860 by Benjamin Worcester and was co-educational. In 1912 it became the Waltham School for Girls. The property is owned and controlled by the New Church Institute of Education. The estate embraces approximately 14 acres of rolling land with sloping hillsides bordered by a clear running stream and made picturesque by beautiful old shade trees. Chapel Hill School embraces studies in grades seven and eight as well as full High School courses. It is a day and boarding school which acts as a home school for young people from the lowest grades through preparation for college. Wilfred W Clark is principal.

NOTRE DAME TRAINING SCHOOL

One of the very attractive educational institutions of Waltham is the estate of eleven acres forming the grounds of the Notre Dame Training School, and also the Provincial House of the Eastern Province of the Sisters of Notre Dame de Namur. The buildings of stucco are of plain but stately architecture, well set off by most attractive grounds. This institution is operated under the direction of the Sisters of Notre Dame de Namur which organization started its work in the United States in 1840; in this Commonwealth in 1849 and in Waltham in 1889.

Recently a three-story brick structure with cloister connections to the main building on the basement, first and second floors, was constructed. There are about thirty-five rooms including Community rooms, Library, Class-rooms, Study Hall and Recreation rooms, and accommodates about one hundred novices.

SACRED HEART RETREAT HOUSE

Situated at 554 Lexington Street on 37 acres of land is the Sacred Heart Retreat House which holds week-end Retreats and Days of Recollection for Men and Women.

The Retreat House is conducted by the Stigmatine Fathers who have converted what has been their Juniorate, a training school for future Stigmatine Priests and Brothers, since 1922, into a secluded haven for spiritual thought and guidance. The buildings are nestled in a background of beautiful lawns, shrubbery and trees.

The Sacred Heart Retreat House, founded in 1953, is the first of its kind in this community. Its purpose is to provide spiritual advancement for each individual who may wish to take advantage of its offerings.

GREEN ACRES DAY SCHOOL, INC.

Green Acres Day School, Inc., is located on the old Clark Farm at 399 Lexington Street, Waltham. This farm comprises 30 acres of meadows, woods, and streams. Enrollment is for children between the ages of 2½ to 6 years of age and the school provides pre-school and kindergarten training. The enrollment is approximately 170 children covering an area comprising Waltham, Watertown, Belmont, Lexington, and Newton. There are morning and afternoon sessions and transportation is provided. The school also operates a summer day camp for 250 boys and girls, ages 3 to 10. The program includes nature, camp-craft, woodworking, arts and crafts, sports, music, dramatics and archery. Swimming is taught by qualified instructors in three swimming pools.

XIII

WALTHAM CHAPTER, AMERICAN RED CROSS

The Chapter House is located at 22 Appleton Street. The house provides 11 rooms in which all chapter activities are centered, with well equipped offices and spaces for all the different phases of local Red Cross work. There is a good-sized meeting room for working volunteers and for several of the outstanding services of the chapter including blood service, armed forces, community service and disaster relief work. Miss Stella M. Mazur is Executive Director.

THE WALTHAM CHAMBER OF COMMERCE

Is Waltham's largest and outstanding civic and commercial organization. Its membership embraces over 600 of the business and civic leaders of the Community. Incorporated in 1917, it has been a dominant factor in the remarkable growth of this city, thus giving a prestige to those enrolled in its membership.

RECREATION

With parks, playgrounds and other facilities for outdoor recreation, Waltham is bountifully supplied. In the very heart of the city there is an unusually fine Common of 7.20 acres on which is located a stately as well as attractive City Hall. Prospect Hill Park is a natural beauty spot of 265.89 acres, such as can seldom be found within walking distance of a busy city. It is the highest elevation within the city limits and a vista of over 40 miles is obtained from its vantage points. It is provided with good roads, enticing pathways and camping sites. The State Girl Scouts have spacious grounds at Cedar Hill, left for the purpose by Miss Cornelia Warren. The grounds embrace acres with many interesting features and with an area for camp sites, on which Scout Troops from various cities of the Commonwealth locate their camp houses. There is also the High School Athletic Field of 10.50 acres and 15 active playgrounds of 65.13 acres and 5 on school sites, competently supervised with an efficient corps of instructors. The Charles River, with facilities for boating and canoeing in the summer, and ice sports in the winter, has long been famed as a pleasure stream in New England.

MOTOR ROUTES

For the motor enthusiast, Waltham is an ideal center. Many main thoroughfares converge at Waltham Common, giving a choice of routes to the Berkshire Hills, Cape Cod, or the White Mountains. U. S. Route 20 passes through Waltham to Boston, 9 miles east. Route 128 bypasses the city at its westerly boundary with Weston. The Massachusetts Turnpike eastern terminus is located 1.7 miles south of the Route 128-20 junction in Waltham.

LABOR SUPPLY

Waltham has both skilled and unskilled labor. Much of this population is native New England stock with a permanent residence in the city or nearby communities. Fire hazard and insurance rates are low, land values and rents are reasonable.

INDUSTRIAL SITES

Industrial sites are not too plentiful. A few are still available. The Waltham Chamber of Commerce has for over a score of years maintained an active, alert and able Industrial Development Bureau. It has a splendid record of achievements.

ADVANTAGES OF WALTHAM

Waltham has splendid roads, fine schools, congenial social conditions, a rated standard of citizenship, convenience to shipping points, nearness to a market, excellent transportation facilities, sanitation above average, abundant recreational and amusement facilities, the advantages of homes in the open spaces combined with urban conveniences—these are the qualities that go to make a city desirable—and Waltham has them all.

The Waltham Chamber of Commerce, composed of over 600 business and civic leaders of the city, welcomes inquiries and will be glad to make a complete and intelligent survey of the situation for acceptable prospective industry or business.

Waltham will continue to register a very definite increase in population, development of its Retail Shopping District and during the next five years will make a decided gain in the number of new residences. With a very favorable cost of living figure and a proximity to Boston, the Waltham district is proving very attractive to many industrial and business houses in addition to home seekers.

LIBRARY DEPARTMENT Waltham Public Library

735 Main st

Board of Trustees—John J Flynn jr, Chairman; Rev Geo O Ekwall, Secretary; Jas T MacVicar, Rev Danl McCabe, John W McDevitt, Mrs Margt Warren

Librarian—Gordon A Gaskill

Assistants—Harriett J Carter, Eliz D Castner, Marjorie F Ellis, Miss Virginia P Kent, Mrs Laura Musto, Helen M Nims, Geraldine M Nolan, Mrs Dorothy Robbins, Mrs Alice Thompson, Mrs Mabel B Viscounte, Mrs Lorena P Weatherby

The Waltham Public Library is the union of three libraries. (1) The Waltham Social Library, founded in 1798, and the earliest Waltham library, was given to the Unitarian Society, and later, in 1865, was presented to the town. (2) The early Boston Manufacturing Company's Manufacturers' Library was given to the Rumford Institute Library, which, in turn, offered all of its books to the town in 1865. (3) The Agricultural Library of the Waltham Farmers' Club was presented to the town in 1874. The Public Library was first housed (1865) in the Bank Building on Main street. In 1879 it was moved to the corner of Charles and Moody streets (Welch Block). In December, 1915, the Library was moved to the present building, which is the gift of a Waltham citizen, Francis Buttrick. The cost of the building was \$124,000.

There are two Branch Libraries, the South Branch, established in 1919, located at 56 Chestnut, the Lakeview Branch, established in 1925, in the Nahum Hardy School.

There are about 165,238 volumes in the Library—About 320 newspapers and periodicals are received. There is also an excellent collection of pictures on every subject, arranged in Classified form, which may be taken from the building. The Library undertakes to help all by supplying information and in looking up difficult reference questions when requested.

The circulation in 1957 was 413,278. The City appropriates about \$91,550 a year for the support of the Library and its Branches. There are in addition 10 endowment funds. The Lowell Clark Fund of \$5,859; The Enos T Luce Fund of \$1,000; The Jacob Whitney Fund of \$1,328; The Porter L Newton Education Fund of \$5,000; The Phineas Lawrence Fund of \$2,500; The Lorenza Haynes Fund of \$1,000; The Pryor Fulton Fund of \$5,000; The Mary J McEvoy Fund of \$1,000; The Mary Pratt Sears Memorial Fund of \$21,343; the John Harvey Fund of \$10,000; the income alone of which is used.

AIDS TO PROPER MAILING

Do not use "Township" as part of your address.

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

- | | |
|-----------------------------------|-----------------------------------|
| 1. INDEX TO ADVERTISERS | 4. ALPHABETICAL SECTION |
| 2. INTRODUCTION AND MISCELLANEOUS | 5. HOUSEHOLDERS' AND STREET GUIDE |
| 3. YELLOW PAGES | |

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "△"—Telephone Subscriber, "⊙"—Homeowner.

"r"— RESIDENT

"h"— HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r", before an address stands for "Resident". That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight • Out of Mind ★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight.
Insist on being well represented in its pages.

City Directory

Don'ts

DON'T put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping someone to find it.

* * *

DON'T think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

* * *

DON'T look mad when a customer asks to look at your Directory.

* * *

DON'T look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

* * *

DON'T forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

* * *

DON'T forget that a Directory borrower today will forget to return it tomorrow and you will call him what?

* * *

DON'T forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for.

Your City Directory has HUNDREDS OF USES AND APPLICATIONS

BUYING

- Learning new sources of supply.
- Keeping up with known sources of supply.
- Checking on the record of firms from which you buy as to dependability, stability, etc.

SELLING *(Including market analysis and sales promotion)*

- Locating new markets.
- Maintaining up-to-date mailing lists.
- Analyzing the buying power of a community or street.
- Routing salesmen to avoid lost motion in reaching prospects.
- Locating residents of hotels and apartment buildings, many of whom are listed nowhere else.
- Identifying names and titles of officials, for use of salesmen.

CREDIT REFERENCE *(and Collections)*

- Running down delinquent debtors.
- Checking credit applications as to address, moving habits, names of employers, stability of employment, family status, neighbors, whether owner or renter, etc.
- Identifying persons of same or similar names.
- Investigating cases in welfare, charitable, social service and legal work.

DELIVERY *Communication, Mailing, Etc.*

- Routing deliveries.
- Reducing dead letters and insuring more complete delivery of mail.
- Effecting delivery of messages and parcels erroneously or defectively addressed.
- Correcting names and titles.

LAW ENFORCEMENT *Criminal Detection and Apprehension*

- Tripping bad-check passers.
- Deciphering illegible signatures.
- Guarding against habitual bill dodgers.
- Tracing heirs and witnesses, settling estates, and establishing facts as of a certain date.

CONSULT YOUR DIRECTORY FIRST

World's "Largest Circulation"

Names and addresses of 39,977,700 passenger car owners and 8,427,900 truck owners . . . families and concerns who buy more than three-fourths of the nation's consumer goods . . . arranged by street and number . . . by city, county and state . . . by make of vehicle and year model . . . are available to the nation's largest advertisers. Yearly, R. L. Polk & Co. compiles for the automotive industry the official registration list of car and truck owners — the largest, most accurate mailing list in the world.

Through this great "circulation list," and through Polk's nation-wide direct mail advertising distribution facilities, the automotive industry and hundreds of other major concerns reach selected markets for their products . . . send advertising messages pin-pointed to the very prospect or customer they wish to reach . . . each advertising message imprinted with the local dealer's firm name and address, and sent to his own selected sales territory.

This world's greatest "circulation list" is a major sales tool used by industry to help move the goods and services that keep our economy rolling, helping to sell not only automobiles, but oranges, magazine subscriptions, vacation tours, and household appliances.

The CITY DIRECTORY

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

Information

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

Consult Your Directory

Accurate Information is worth all it costs

POLK'S WALTHAM

Directory of Household-ers, Occupants of Office Build-ings and Other Business Places, Including a Complete Street and Avenue Guide

1958

Copyright, 1958, by R. L. Polk & Co.

Giving the location of Streets, Avenues, Places, Parks &c, showing what other streets and places run from or across them.

The Streets are arranged in Alphabetical order with the location of Intersecting Streets clearly shown.

* Indicates public streets.

** Indicates streets partly public, partly private.

The Boston Postal District in which Waltham is included has been divided into numbered zones. Mail addressed to Waltham will carry No. 54 as part of the address.

Names of residents and business houses are arranged in numerical order upon their respective streets; on streets that are not numbered ciphers are used in place of a street number.

Business places are denoted by bold face numbers and business being given.

When a person's place of business and residence are the same place, it is indicated by business being given and abbreviation h at the end of the line.

After the name of a street the word **Street** is omitted; the words Newton, Lincoln and Lexington, when referring to city or towns of those names, are followed by the word **Line**; when not followed by the word **Line** they are names of streets.

*An asterisk preceding a house number signifies that the house is incorrectly numbered.

The symbol © following the name of a householder indicates that the house is owned by the person listed, or by some member of the family.

This information is as received by the canvasser. The publisher does not and cannot guarantee its correctness.

Telephone numbers as supplied to us on our canvass are shown opposite name. (Exchange is TWinbrook unless otherwise noted).

Abbreviations are listed at beginning of Alphabetical Section.

† This symbol placed before a listing denotes inability to get complete information either by personal call, telephone or mail.

(The numerals that appear at right edge of columns ahead of street descriptions and some street intersections are merely for the guidance of the publishers and have no other significance).

Information

in the mass seems like a dull proposition, but when we have a need of some person or thing nothing interests us more than getting information about that person or thing.

This directory looks like a big book to be walked around or fallen over or put out of the way, until you need some information that it contains—then it becomes the handiest thing around the place.

Has it ever occurred to you how much information you could get from this book, if you really knew how to use it?

There is a great mass of information here, arranged in a logical way that experience has shown most easily referred to. It does take a little study to know how to make full use, however, like anything else worth while.

A little study that opens up a new way to save time or increase accuracy is an asset to anyone. It may be you will find a lot of information you did not know was here before, that you would have spent a lot of time and trouble to find in other ways, and you will have increased your efficiency just that much. In buying, in selling, in shipping, correspondence, granting credit, sending bills, collecting money—

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
